## *True Story: “What would you do?”*

What would you do? Late afternoon, you are in a big city for an important meeting. While driving in a low income, commercial district, you realize that information regarding the meeting location is in your portfolio which happens to be in the trunk of your car. Well, you park your car in a seemingly safe, but not familiar area. Prior to getting out of your car, you do a

quick visual survey of your surroundings and you observe a woman with a baby stroller and young child walking down the sidewalk in your direction. After retrieving the information, and getting ready to get into your car, the woman with the stroller and young child, stops by your car, and asks you a question: “If you don’t mind, can you get my kids something to eat?”

**What would you do?**

## *What Grace Beyond Borders did!!!*

When the woman with the stroller asked me that question, I asked her: “What would you like?” She asked if she could get a few items from the small grocery store, across the street.” Long story, short, the mom was laid off from her job, and struggled to feed her kids. We provided her with groceries, personal care items; and bus transit passes to get to food pantries and job interviews. **Three weeks later, she obtained employment.** Your donations and support help bring care, hope, and love to many impoverished and homeless women and children. You are valuable and vital to saving lives. **THANK YOU, SO MUCH!**
